

**PLASMA RUGGEDIZED SOLUTIONS**  
GLOBAL PROVIDER OF CUSTOM RUGGEDIZED ENGINEERING SOLUTIONS ACROSS INDUSTRY

AS9100C Certified

DATE: 10/20/2015

This letter is to confirm that the product(s) listed below are not intentionally manufactured with any of the chemicals listed in the European Directive 2011/65/EU and subsequent amendments. This directive prohibits or limits the content of:

- lead,
- mercury,
- cadmium,
- hexavalent chromium,
- polybrominated biphenyls (PBB's) or
- polybrominated diphenyl ethers (PBDE's) in finished electronic goods.

**PRODUCTS:**

Kryptos-17

The six RoHS materials listed above are not constituents in these products, are not used in processing or manufacture and are not intentionally added to the products. We are unaware of any potential sources for the introduction of these substances from the manufacturing and packaging processes utilized or from the packaging components themselves.

This declaration is based on available information sources from raw material suppliers or analytical data, where available. Prescribed components are not knowingly present in the supplied raw materials, except as adventitious trace impurities, nor are they added intentionally to the formation of the above product(s).

Sincerely,

Michael Forney,  
Chief Technical Officer
